VII. REGISTRATION.

Pre-registration is encouraged. The Contest Committee shall maintain or designate the location of the registration desk for those not pre-registering. Registration for each contest shall be closed thirty (30) minutes prior to the stated time for the contest. All contestants must sign in at the registration desk prior to the close of registration. Failure to comply with the registration requirements may result in disqualification.

VIII. ORDER OF APPEARANCE OF CONTESTANTS & METHOD OF JUDGING.

Subsequent to the closing of registration, a master list will be prepared listing all contestants. Each contestant will draw a number for order of appearance. After the First Round is completed and scores tallied, contestants who have scored high enough to move on to the Second Round will draw new numbers establishing the order of appearance for the Second Round. The same process will be carried out for the Third Round as well as any necessary tiebreaker rounds. Contestants will not be permitted to leave the isolation area during the contest except when accompanied by a contest official. Before determining those eligible for callback and before determining a winner, the total number for points each contestant will be determined after eliminating the highest and lowest scores and adding together the remaining scores for a total. The scores will be posted in view of the audience. The contestant with the highest total score shall be declared the winner with the next highest second and so on and so forth. The decision of the judges will be final, no exceptions.

IX. Contest Routine.

A competition routine shall be no longer than 90 seconds. A routine longer than 90 seconds will result in scores of zero for that contestant's routine in that particular round. Once the clock hits 80 seconds, a red "warning light" located directly within

the contestant's line of site will light up, signaling to the caller that he/she has 10 seconds remaining to finish their routine.

Judging shall be based upon contestant's ability to bring in a simulated flight of ducks using all of the following calls: 1) hail or long distance call; 2) mating or lonesome duck call; 3) feed or chatter call; 4) comeback call.

Judges shall base each contestant's score on the contestant's ability to demonstrate technical proficiency and control of the call while "painting the picture" described by the Rules Committee prior to competition. The available points per round is demonstrated in the following breakdown:

Scoring Breakdown (by round):

- **Round 1** scores will range from 70-80 points.
- **Round 2** scores will range from 80-90 points.
- **Round 3** scores will range from 90-100 points.
- **Tie-breaker** scores will range from 90-100 points.

After each contestant completes their respective routine, each judge shall issue a score for said routine. The highest and lowest score will be discarded, and the three remaining scores will be added up and awarded to the contestant for that round.

After each round, judges will determine the number of contestants that shall move on to the next round, until the final round. Scores in subsequent rounds will be added to the previous round(s) scores. The contestant with the highest score at the end of the final round shall be the winner.

X. Contestant Behavior.

Smoking and tobacco use of any type shall not be allowed in the Staging Area. The use of alcoholic beverages or drugs prior to or during competition by any contestant or judge may result in disqualification and subject the individual to a permanent ban from future events. All participants, including but not limited to contestants and judges, are expected to conduct themselves in a manner reflective of a true sportsman and a gentleman. Communication between the audience, judges, and contestants during the contest is strictly prohibited. Violators will be disqualified. No exceptions.

The panel of judges shall be selected by the Contest Committee/WCDCC based on that judge's personal experience with competitive waterfowl calling, his/her knowledge of the type or style of contest being conducted (Mainstreet, Meat, or Cutdown), as well as the specific sounds required to "paint the picture."
